DESCRIPTION OF OFFERING:

I can help people understand how to do the following:

- Understand advocacy from a faith perspective
- Introduce to or deepen an advocacy ministry in their congregations
- Effectively connect with their legislators
- Understand problems related to poverty in Wisconsin and some on a federal level (our current priorities are related to human trafficking, youth experiencing homelessness, prison reform for 17-year-old youth, and other issues as they arise).

We also support the larger ELCA in its advocacy for the care of God's creation and their other legislative efforts.

I am happy to give a general presentation or one that focuses on fewer or just one issue.
