#### DESCRIPTION OF OFFERING:

##### **Tools for Men to become Bold, Daring Followers of Christ!**

Convincing men to step out of their comfort zone and be more active in their faith can sometimes feel like a constant struggle. What if you had the tools to help achieve victory in this challenge? Lutheran Men in Mission (LMM) has a "toolbox" of retreats, workshops, videos, books and more to help. These can help men take the first step to becoming **bold, daring followers of Christ**. Lon will share these to help you help the men in your life or congregation become more rich in their current faith life and be who God intends them to be. The presentation can range from 45 minutes to 2 hours depending on the needs and wishes of the host.

Lon has been part of the SCSW-ELCA Lutheran Men in Mission (LMM) Task Force since its inception in 2002. He joined the national LMM leadership team. In 2006 on the Development Council. From 2008-2014, he served as the Region 5 LMM Board Director. During that time, he formed relationships with contacts in 12 synods presenting workshops in many of them. He was a key leader in the expansion of the One Year to Live Retreat in Region 5 and across the country. Most recently, he has been coordinating LMM's High, Deep and Wide Men's Getaway at camps in WI and IL.
