DESCRIPTION OF YOUR OFFERING:

Hear about God's work being done in Rwanda and 12 other countries through the ELCA's Young Adults in Global Mission Program. A leadership development program for young adults, YAGM volunteers walk alongside global partners in a model of solidarity and accompaniment during a year of service and growth.

I would love to share my personal experiences as a young adult missionary and talk about how you can become or support a YAGM volunteer!

I am available for preaching, presentations, adult education classes, or other forums for sharing and discussion.
