

## The 2020 South-Central Synod of Wisconsin Synod Assembly has gone MOBILE!

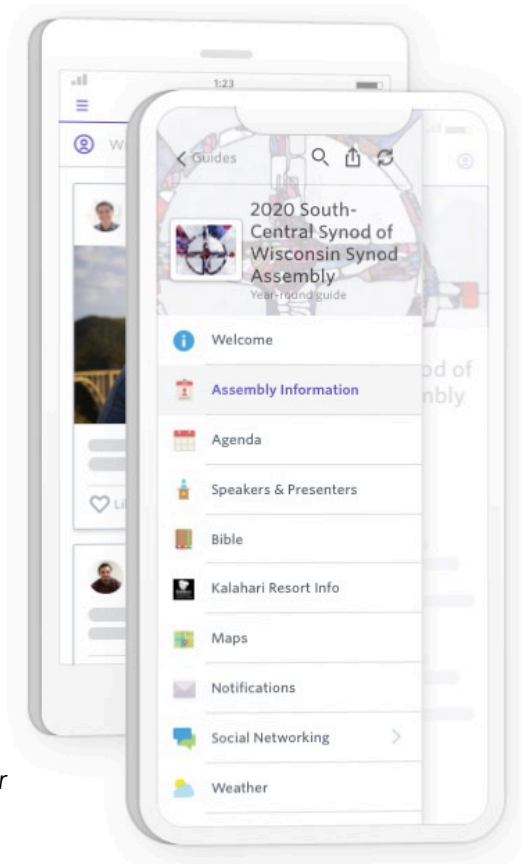

Because the ELCA and our synod are committed to caring for God's creation, one goal for participants in the assembly is to be good stewards of the earth's resources. To the extent possible, we want voting members and other participants to use the **Synod Assembly Guidebook app**.

This app will house the entire assembly "book" and will allow for live updates during the assembly and increased communication capabilities. The app is available on all mobile devices including cell phones and tablets and can be downloaded by following this link from your mobile device\*:
