Before you re-share that tweet, or tell a friend about that surprising headline you saw, ask yourself three questions:

- 1 Where's it from?**
Look for the source and be careful of fake copycat websites. 
- 2 What's missing?**
Do the headline and article match? Are other news organizations talking about it? 
- 3 How do you feel?**
If a headline or article sparks an intense emotion like fear, anger, or vindication, be watchful. That's a common tactic from someone trying to manipulate you, not from someone trying to spread reputable news.
